

#### SEATING COMFORT

The Grande MK II with its longer wheelbase of 2550 mm offers spaciousness and comfortable seating.

The beige interiors with fire and stain resistant seats come in 3 rows of front facing seats. All seats in the 7 and 8 seating configurations are designed for a riding experience that is bound to be comfortable.

3rd row seating is best in class with spacious leg room, ample headroom, appropriate back rest angle along with roof mounted individual AC louvers. Added to this, the easy ingress and egress for getting in and out ensures uncompromised 3rd row

#### THREE POSITION ADJUSTABLE LUMBAR SUPPORT

The three position adjustable lumbar support provides the most comfortable back posture by bulging the seat back support, also on long drives it allows to maintain different postures to avoid load on the lower back in any particular posture.

#### INTERIORS

- The all new plush Dual Tone Barlie Beige & Ebony Black Interior Colour Scheme with Scratch resistance trims.
- The New Velvet Soft Seat Upholstery.
- The New 380 diameter Steering Wheel with fully floating Horns.
- The New Silver Inner Door Handles.
- The New Faux Rose wood central console.
- The new Flexible grab handle on C pillar for easy Ingress, Egress to 3rd Row seats.

#### DUAL AC

A unique feature of the Grande MK II is the Dual AC for front and rear. In the front it has HVAC for heating and air conditioning in the rear, the 2nd and 3rd row comes with roof integrated louvers, with individual vents for all 3 rows of seating. It's exceptional airflow adjustment and quick cabin cooling is designed to suit individual seat occupant's liking.

The specially designed soft feel AC controls allow air re-circulation, flow direction control, hot and cold air mixing and blower speed adjustments.

The louvers with vertical and horizontal fins enable multi direction adjustments to allow personalized climate settings for occupants in each row.

#### DRIVING COMFORT

Double wishbone front suspensions with coil springs are designed to absorb all kinds of shock.

Rest assured, you get a smooth ride on any road and at any speed.

#### HEIGHT ADJUSTABLE DRIVER'S SEAT

Height adjustable drivers seat allows to be adjusted to a suitable seating position, ensuring comfort and better road visibility for better performance.

#### WARRANTY

The new Grande MK II comes with a warranty that protects it for 2 years or 75,000 kms. And with the extended warranty option, you can have protection for 4 years of 1,50,000 kms. Whichever is earlier.
